Proud Members of

**Welcome to
Westside Pacific Villages!**

We are a vibrant and diverse member-driven community that empowers older adults to stay socially connected, active and independent so they can age successfully in their own homes. We connect neighbors with neighbors to share social activities, skills and support with one another, and to enrich our lives in every decade.

If you're looking to meet neighbors for friendship, shared interests, new experiences, and to build a network of support as we take charge of how we age in community together, we'd love to meet you!

About Us

Westside Pacific Villages (WPV) is part of a nationwide movement of nearly 300 community-based Villages dedicated to redefining how we age in place, and to creating more opportunities for people to thrive in their midlife and beyond journey.

Not a Place. A Community.

Our Village is not a facility or residence. It's a community of Members and Volunteers who live in the neighborhoods of Westchester, Culver City, Marina del Rey, Playa del Rey, Playa Vista, Mar Vista, El Segundo, Manhattan Beach and adjacent areas and enjoy connecting with and supporting each other.

Staying Connected

Our Members stay connected through activities, programs and support from fellow neighbors so they can remain in their homes and engaged with their communities as they age.
